

SUMMARY

Aspiring Data Analytics and AI/ML enthusiast with an interest in data-driven technologies, IoT, and automation. Quick learner with strong analytical, communication, and problem-solving skills, eager to gain hands-on experience and grow in Data Analytics, AI/ML, and emerging technologies

EXPERIENCE

1. Robotics Developer | Team Tech-Titans (Robotics Club) PVPIT bavdhan ,Pune

-Technical Team Member | August 2024

Worked on robot development, system integration, hardware debugging, battery management, and technical documentation.

2. SAP Trainee | Edunet Foundation, Pune, India | July 2025

Developed practical expertise in SAP business process integration, database management, and Python-based data analysis.

3. Intern – Sampro Samfocus Technologies ,Pune | jan 2026

Developed an IoT-based patient monitoring system by integrating biomedical sensors, microcontroller processing, and real-time health data acquisition and display.

SKILLS

Programming Languages :- Python , SQL, Arduino(C++)

Technical Skills:

- Data Entry and data management
- Power BI (learned to make basic dashboards)
- Basic Excel
- OpenCV
- Trained a Model for “Image processing” using YOLO
- Dataset Annotation (Roboflow,Deepface)
- Image Processing
- Sensor Integration

PROJECTS

• **Wireless-Controlled Four-Wheel Basketball Robot**

Developed a manually controlled four-wheel-drive basketball robot using PS2/PS4 controllers and implemented PWM-based motor control for precise movement and operation.

• **Deloitte Australia Data Analytics Job Simulation | Forage | Feb 2026**

Performed data analysis and data classification using Excel to identify trends and derive business insights. Developed interactive Tableau dashboards for data visualization, reporting, and decision-making support.

• **Smart Facial Authentication Door Lock System| April 2026**

Developed an AI-based facial authentication system using DeepFace, ESP32, and Wi-Fi-enabled web based monitoring for secure access control and real-time door status updates.

CERTIFICATION & ACHIEVEMENTS

- DD Robocon 2025 Participation Certificate | AIR 5 – National Robotics Competition, IIT Delhi
- Certificate of completing Patient Monitoring System Project | Sampro Pvt Ltd | Feb 2026
- Advanced Emerging Technologies Certification (SAP) – Edunet Foundation

EDUCATION

- Bachelor of Engineering: ENTC Engineering , JSPM'S PVPIT, Bavdhan, Pune 2027
- HSC-Dhanaji Nana Chaudhari Vidya Prabodhini's Arts and Science College 2023
- SSC-Kendriya Vidyalaya NMU,CBSE Board, Jalgaon 2022
